Github Profile

PROJECTS

• PORT SCANNER USING NMAP

Scanned and analyzed network ports to identify open services and potential vulnerabilities

• PASSWORD MANAGER WITH SHA HASHING

Designed a secure password manager using SHA-based hashing for credential protection

EDUCATION

BS in Data Science
IIT Madras | 2025 – Present

B.Tech in Cybersecurity
Silver Oak University | 2024 – Present
CGPA : 8.48

TECH SKILLS

Programming : Python, C, SQL

Cybersecurity Tools: Kali Linux, Nmap

Core Concepts: Networking, Cryptography

Basics, OSINT

Systems: Linux Environment

Tools: MS Excel, PowerPoint

LANGUAGE

English

Hindi

Gujarati

CERTIFICATION

IBM Cybersecurity Fundamentals

Cisco Networking Academy : Introduction to Cybersecurity
